Honorable Judge Brown

22th February 2018

,
First, I want to tell you that I apologize for this situation that I find myself in now with regards to counsel. Initially it seemed like a good idea to learn the process from a Trustee and then transfer to a permanent attorney a few months down the road.

I think the best course for Fite, LLC is PLF Repair Counsel however I need a referral.

I reached out to numerous attorneys yesterday and they all said that I should turn in my financials with some kind of explanation and deliver the monthly operating reports to your office. It was important for me to let you to know that we are working diligently on improving efficiency and they were done on time..

We are also filing for summary judgment in Utah, as we are confident now as to our position. I will keep moving forward.

Respectfully,

Tracey S. Baron,
Debtor in Possession, Fite, LLC.
